Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Hazard (U.S. Patent No. 3,977,557).

Hazard shows a bracket member 22 having a closure portion; container 10; locking members 40; mouth 14; dispensing body 56; fastening member 20 having an internal side; and flange 26.

3. Claim 3 rejected under 35 U.S.C. 102(a) as being anticipated by WO 01/04006 to Gerhart et al.

Gerhart et al. shows a bracket member 114; locking member 130; closure portion 124; mouth 90; container 20; dispensing body 114, 116; fastening member 106 having an internal side; flange 172; and threading 104.

Allowable Subject Matter

4. Claims 4-25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 3754

5. Claims 26 and 27 are allowed.

Response to Arguments

6. Applicant's arguments filed October 14, 2003 have been fully considered but they are not persuasive.

The locking members have now been discussed in the above rejections. The applicant did not incorporate the details of the locking member from claim 4 into the independent claims and therefore, the claims remain rejected.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
